About Ameliorate'24

In today's rapidly evolving digital landscape, education is undergoing a transformative shift. The integration of cutting-edge technology in teaching and research has opened new horizons for educators, enabling them to foster innovation, critical thinking, and deeper engagement in learners. This Faculty Development Program (FDP) on "Driving Educational Excellence through Teaching and Research in the Digital Era" aims to equip educators with the skills, tools, and knowledge needed to excel in this digital age.

With an emphasis on the latest educational technologies, online teaching methodologies, and research innovations, the program focuses on enhancing teaching practices and fostering research capabilities. By leveraging digital tools, educators can create interactive, student-centered learning environments, while also advancing their research through data analytics, AI, and collaborative platforms. The FDP offers insights into how digital tools can streamline curriculum delivery, enhance assessment techniques, and support the generation of high-quality research outcomes.

Participants will gain hands-on experience with technologies that are reshaping the education sector, including Learning Management Systems (LMS), virtual simulations, and open-access research databases. This holistic approach ensures that educators are not only adept at using digital resources but also capable of driving educational excellence by adapting to the changing needs of learners and the global academic community.

By the end of the program, participants will be equipped to lead the charge in transforming education through the power of digital innovation, ensuring that their teaching and research continue to thrive in the digital era.

Objectives of FDP

To enhance faculty expertise in modern teaching methodologies and research practices suited to the digital age. It aims to equip educators with advanced digital tools and technologies to improve learning outcomes and foster an understanding of how to integrate research and teaching for academic excellence. Additionally, the program encourages collaborative and interdisciplinary approaches to both teaching and research, promoting innovation and excellence in the digital landscape

Duration

The seven-day FDP will be conducted from 21st - 28th October 2024. The sessions will be conducted through online mode. Registration fee is Rs. 250 (Registration fee once paid will not be refunded). Deadline to register is 20th October, 2024. E - certificates will be issued for participants who attend all the sessions of the FDP.
