

M.Com FA with CGMA

Programme Objectives

- Master of Commerce – Financial Analysis (FA) with CGMA Programme is to impart to the students, professional education and training in various aspects of business and its environment and provide them with opportunities to develop managerial and analytical skills in order to meet the challenges of business at the national and global level.
- The programme enables the students to obtain Chartered Global Management Accountant qualification which is the joint venture between AICPA (American Institute of Chartered Public Accountants), USA and CIMA (Chartered Institute of Management Accountants), UK.
