Environmental Awareness- No Plastic Drive

Swachhatha Hi Seva

REPORT

Date	: 1 st Oct 2019
Time	: 3:30 pm – 4:30 pm
Classes Attended	: III MCA, I MCA & I MSc
Number of beneficiaries	: 107

Objective:

To mark the 150th Anniversary of Mahatma Gandhi's Birthday Celebration

Brief Write up on the Programme:

The students of I MCA and I MSc and III MCA were encouraged to make a digital poster presentation, chart presentations on the topic Swachhatha Hi Seva. The posters depicted plastic pollution which is detrimental to the environment. All the students stressed the importance of a plastic-free lifestyle to the maximum extent possible. They were also told how to continue the work of making their home plastic-free.

Events Schedule

1. Digital Poster Presentation
2. Manual Poster Presentation
3. 100 Alternatives for Plastics in our daily lives
4. Briefing about "Plastic Waste Free Home" Campaign to be held on 02/10/2019.

Learning Outcome:

The participants gained information on the disadvantages of using plastic, their impact on the environment and their safe disposal.

**NATIONAL SERVICE SCHEME
ACADEMIC YEAR 2019-20
CAMPAIGN ON PLASTIC FREE LIFE**

Date: 04/10/2019

Place: K. Narayanapura Cross

Timings: 12.00 pm - 1.30 pm

Participants: 30 NSS Student Volunteers and 186 UG Computer Science students

Theme: Cleanliness Drive

No. of Beneficiaries: 150 houses

Objective of the Programme:

To create awareness among people on the hazards of single use of plastic and to motivate them towards the use of fabric (cotton or jute) bags.

To create a plastic free environment.

Brief Write up on the programme:

Plastic Pollution is a huge environment and health issues as it harms us in more than one way such as clogging of drains, visual pollution and fatality for stray animals. So, with "BEAT PLASTIC POLLUTION", the theme for World Environment Day 2018, the United Nations (UN) encouraged worldwide awareness and action for the protection of our environment from plastic pollution. Accordingly, the students prepared various posters showcasing different issues pertaining to plastic usage. Utilising these posters, the NSS volunteers addressed the public pointing out various hazards of plastic usage. They also emphasized on the use of cotton or jute bags. The program was of great help to the public.

CAMPAIGN ON THE USAGE OF JUTE BAGS TO PROMOTE PLASTIC FREE ENVIRONMENT

Date: 09/10/2019

Place: Kristu Jayanti CMI School, Kannamangala

Timings: 8.30 am to 4.30 pm

Participants: 27 NSS Student Volunteers and 319 BCom students

No. of Beneficiaries: 850 families

Theme: Waste Management

Objective of the programme:

To create awareness among people on the hazards of plastic bags and to motivate them towards the use of fabric (cotton or jute) bags.

To create an awareness on plastic free environment.

To distribute the jute bags for more than 850 families.

Brief Write up on the programme:

At 8.30 am in the morning, the NSS volunteers started from the College and reached Kristu Jayanti CMI School at Kannamangala. NSS volunteers were divided into three different groups and these groups approached different villages around Kannamangala in order to spread awareness on how to stop the usage of plastic bags. In connection with the above-mentioned objective, the volunteers distributed jute bags to the village and encouraged them to use those bags instead of plastic. This programme benefitted about 850 families.

The volunteers also conducted social mapping where they figured out the various resources available to the village residents and made it available for the villagers to have a glance at it. Apart from these activities, the students also prepared a case depicting the demographic factors of the villagers. This activity was of great help to the beneficiaries as well as the students as they were able to understand how people live happily without the interference of technology.

PLASTIC WASTE MANAGEMENT

Date: 03/02/2020

Place: AMBALAGERE

Timings: 10.30 am - 1.30 pm

Participants: 39 NSS Student Volunteers and 72 BCom students

No. of Beneficiaries: 100 houses

Theme: Waste Management

Objective of the programme:

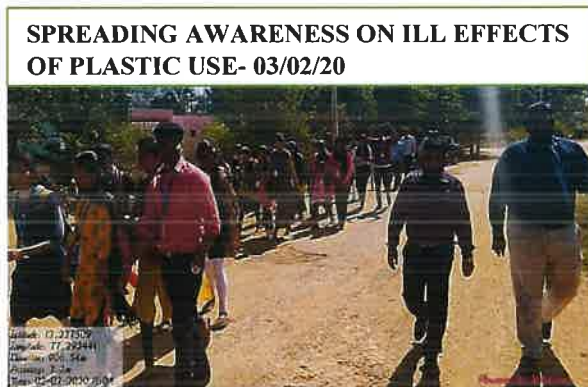

- To create a socio-technical model for taking plastic waste management from informal to formal economy.
- To create a plastic free environment.

Brief Write up on the programme:

- Plastic Waste Management is a pressing issue in India; especially with the unceasing growth of consumerism throughout the nation. Interestingly, almost 60 percent of the total plastic waste generated in India gets recycled while the remaining escapes into the environment. However, most of this plastic is down-cycled. At this juncture, India needs robust and stringent waste management tools to substantially improve the situation. Plastic Pollution poses an overwhelming environmental and health issues as it harms us in more

than one way by clogging the drains, causing visual pollution and proving fatal for stray animals.

- In this regard, NSS volunteers briefed the villagers about plastic reuse and explained to them about the harms that nature will face if plastic usage increases. The students were divided into two groups. One visited the primary schools and created an awareness among the school children and the other visited the households and gave more input on segregation and reuse of plastic.

NATIONAL SERVICE SCHEME

AWARENESS ON WASTE MANAGEMENT AND PLASTIC FREE ENVIRONMENT

Date: 17/02/2020

Place: AMBALAGERE

No. of volunteers participated: 43 NSS volunteers and 132 BBA students

No. of beneficiaries: AMBALAGERE VILLAGE

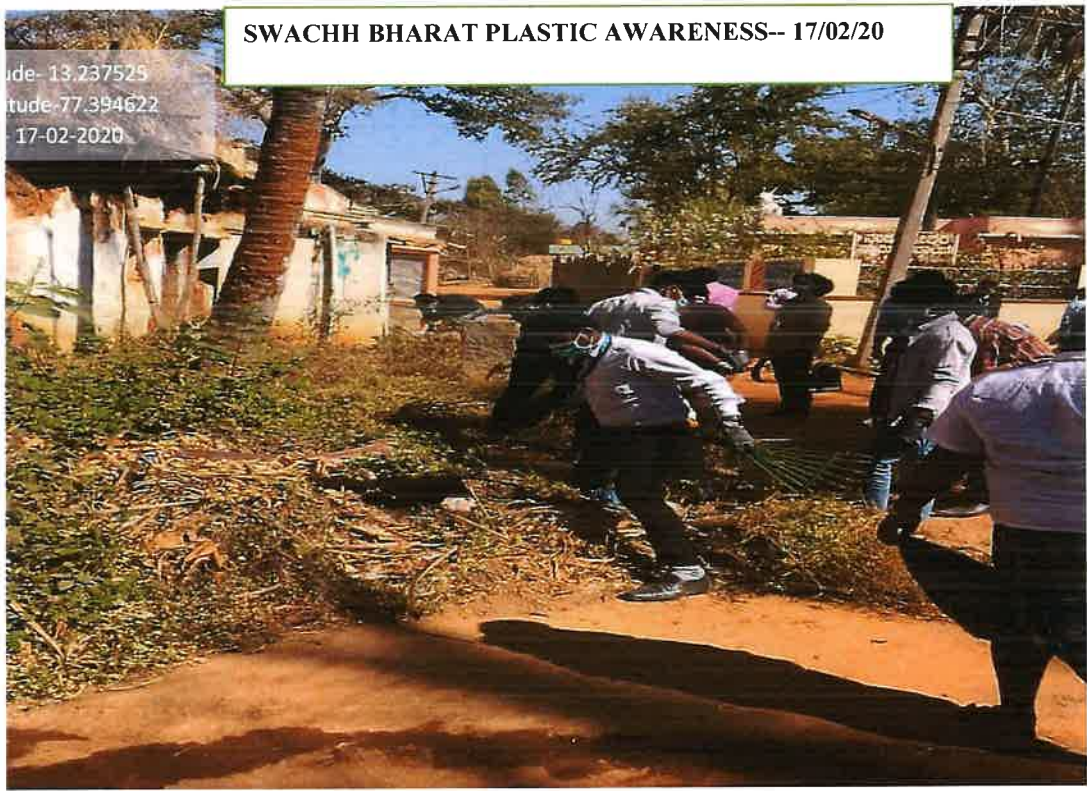

Objective of the programme:

To create an awareness among the village people about the segregation of wastes

Theme: Waste Management

Brief Write up of the programme:

The volunteers left from the College premises at 8 am and reached Ambalagere village by 10:30 am. Upon arrival, the volunteers along with the villagers got into the act of cleaning the local school premises, nearby streets and also went on a drive with members of the Gram Panchayat in order to create awareness on waste management, segregation of plastic and measures to limit the excess use of plastics.

ENVIRONMENTAL AWARENESS

Plastic Waste Free Home

REPORT

Date	: 2nd October 2019
Classes Attended	: All MCA & MSc students & Faculty
Number of beneficiaries	: 185

Objective

To urge students to take measures for reducing plastic usage at home and also for safe disposal of plastic waste to reduce harmful effects.

Brief Write up on the Programme:

All the students and the faculty members of the Department consciously reduced the usage of plastic at their individual homes. The students collected plastic wastes from the vicinity and deposited the wastes at the BBMP Plastic Collection Centre in Hennur.

**DEPARTMENT OF LIFE SCIENCES &
ENVIRONMENT CLUB
NO PLASTIC DRIVE**

Date: December 19, 2018

No. of beneficiaries: All UG students

Title: Environment Awareness Programme-No Plastic Drive

Objective: To spread awareness about the hazardous effects of plastic.

Brief Write up on the Programme:

Environmental Awareness Programme

On the 19th of December 2018, The Environment Club along with Life Sciences Department conducted an environmental awareness programme. The programme was conducted in the College Quadrangle. The event kicked off with a graceful dance depicting the relationship between Mother Earth and mankind. The choreography made the students aware about the consequences of the human actions in exploiting the Earth's resources. Earth was compared to a parent who forgives and continues to provide irrespective of every cruel act the child has committed. The increase in pollution, dumping of wastes and overexploitation are major causes of natural disasters. The properties used for the promotion of awareness were from recycled wastes. The major prop was a blue whale which is an endangered species. The dance depicted major harm done to animals due to dumping of plastic wastes. It reminds of the urgent need for protecting the environment. The students also represented various animals using face painting and showcased the harm done to animals. The promotion ended by reminding everyone of their responsibility to protect the environment and to create a world free of pollution.
