

Environment Audit Report 2017-18

SUBMITTED BY: INTERNATIONAL INSTITUTE OF WASTE
MANAGEMENT, BANGALORE

Date: February, 2018

Submitted to:
Kristu Jayanti College (Autonomous)
K Narayanapura, Kothanur PO, Bangalore-560077, Karnataka, India

Audit Key Steps

Planning completed	June 2017
Field work completed	July 2017
Draft report completed and sent for management response	August 2017
Management response received 2017	September
Final report completed 2017	December
Report presented to the Management	January 2017

Statement of Assurance

This audit has been conducted in accordance with the Standard Practices of Audit followed for the Internal Auditing. Professional judgement, sufficient and appropriate audit procedures were completed and evidence gathered to support the accuracy of the conclusions reached and contained in this report. The conclusions are based on a comparison of the situations as they existed at the time of the audit with the established criteria.

Acknowledgement

The Green Audit team responsible for this audit, from IIWM, comprised of Ms. Rohini Gopal, Project Officer from IIWM under the supervision of Ms. P. Bineesha and from Kristu Jayanti College, Ms. Priya Josson, Faculty, Dept. of Life Sciences, under the direction of Rev. Fr. Som Zacharia. IIWM and KJC would like to thank those individuals who contributed to this project, and particularly, Staff who provided insights and comments as part of this audit.

Green Audit Certificate

06/06/2018

This is to certify that the **M/s. Kristu Jayanti College (Autonomous)**, Bangalore in association with International Institute of Waste Management, Bangalore has conducted Green Audit of the Kristu Jayanti College (Autonomous), during the period 2017-18

Also certified that the data collection has been carried out diligently and truthfully. All reasonable professional skills, rigour and care have been taken in preparing the Green Audit report and the contents thereof are true representation of facts.

A handwritten signature in blue ink, appearing to read 'P. Bineesha', is located below the text. The signature is stylized and includes a horizontal line extending to the right.

P. Bineesha

Executive Director, IIWM

Institution at Glance

Name of Institute:	Kristu Jayanti College (Autonomous)
Date of establishment: (YEAR OF ESTABLISHMENT)	1999
Full Address	Kristu Jayanti College (Autonomous), K Narayanapura, Kothanur PO, Bangalore-560077, Karnataka, India.
Population strength (2019-2020)	Day scholars-3919 Residential students-950 Floating population-32 Total teaching faculty members-173 Management and support staff-23
Total sanctioned (approved) student intake	2350
Type of institute	Unaided – Private
Type of program	Arts and Science College
Departments/faculty that come under the institute	Commerce-UG, Commerce-PG, Management -UG, School of Management (MBA), Economics-PG, Humanities-UG, English-PG, Journalism - PG, Psychology-PG, Life Sciences UG & PG, Computer Science UG, Computer Science PG
Total area of the institute	8.5 Acres
Total built-up area	55392 Sq m

Introduction

In accordance with the Risk-Based Audit and Evaluation Plan of Kristu Jayanti College for 2017-18, the Audit and Evaluation Team of International Institute of Waste Management, conducted a Green/Environmental audit of the college for the period 2017-18. The purpose of the audit was to ensure that the practices followed in the campus are in accordance with the Green Policy adopted by the institution. With this in mind, the specific objectives of the audit were to evaluate the adequacy of the management control framework of Environment Sustainability as well as the degree to which the Departments are in compliance with the applicable regulations, policies and standards.

During the initial planning of the audit, the previous audits and its recommendations were examined by the audit team and an analysis was conducted in order to identify, evaluate and prioritize the risks associated with the environmental sustainability. The analysis was based upon an examination of the policies, manuals and standards that govern the environmental sustainability prevailing currently, on data analysis, and on the results of preliminary interviews with personnel considered key in the environmental management in the campus. The criteria and methods used in the audit were based on the identified risks. The methodology used included physical inspection of the campus, review of the relevant documentation, and interviews.

Summary of Findings

The main findings of the audit show that, in general, all the departments and students are aware about the need for environmental protection at a general level. It was also observed that a number of best practices such as maintaining good **Green cover with variety of plant species, Rainwater Harvesting, Paper Waste Recycling** is in place and functioning very well in the campus. There are several best practices followed by the college in the adopted village, which is extremely commendable.

It was also observed that the College is planning **to establish a Sewage Treatment Plant in the campus**. The work is in progress and a detailed survey by the Staff to establish this STP was also undertaken. Report given in the following chapters.

However, on detailed review, it was observed that, there are several lacunae in the college in implementing Green Compliance. In addition, certain processes could benefit from further review in order to improve their efficiency, fairness and consistency.

Objectives and Scope

The purpose of this audit was to ensure that the Environment Compliance is followed and implemented in the campus, across all departments, administrative bodies and students.

Methodology

In order to meet its objectives, this audit combined physical inspection with a review of relevant documentation and interviews with various stakeholders. Review of the previous Documentation was also undertaken. For the purpose of this audit the Management was also consulted to understand the future plans. Interviews were conducted with the Principal, faculty members and students. Physical Inspection was carried out by the team. The audit team was in the college to inspect the campus.

Key Highlight

The 2016-17 Audit had recommended that it is critical to establish a Sewage Treatment Plant for the campus. Hence, a detailed survey was carried out by the students. The contour survey map of the campus was used to check the sewage generation points. The storm water drainage pattern was studied to find out if any grey water is mixed with the storm water. Several iterations were done and finally two locations were identified to establish the Sewage Treatment Plant. A detailed report is annexed regarding the STP.

Suggested locations for STP, composting in the map

Audit Framework and detailed findings

The following audit framework is used for conducting Green Audit for the year 2017-18. The framework also lists the findings and observations for every criterion/Environment Aspect identified in the previous year's audit and refined this year.

Environmental Aspects Audited	Objectives addressed	Control	Audit Observations
1. Solid Waste	Maximize the proportion of waste that is recycled & minimize the quantity of non-recyclable waste	Reduce the absolute amount of waste that the college produces from the administrative sections.	No, the college does not employ any specific controls to reduce the absolute amount of waste that it produces from administrative sections.

Environmental Aspects Audited	Objectives addressed	Control	Audit Observations
		<p>Make full use of all recycling facilities provided by City Corporation - BBMP and private suppliers, including glass, E-Waste, white, coloured and brown paper, plastic bottles, batteries, print cartridges, cardboard and furniture.</p>	<p>No, the college has not made any full use of all recycling facilities provided by City Corporation and private suppliers.</p>
		<p>Compost, or cause to be composted, all organic waste, green waste and un-recycled cardboard produced in or collected from kitchens, gardens, offices and rooms.</p>	<p>No, the college does not make use Composting facility</p>
		<p>Recycle or safely dispose of white goods, computers and electrical appliances</p>	<p>No the college does not recycle E-Waste or does not avail the recycling facilities offered by private E-Waste Recyclers in the city</p>
		<p>Use reusable resources and containers and avoid unnecessary packaging where possible</p>	<p>Yes, the college makes use of reusable cartons for storage</p>
		<p>Always purchase recycled resources where these are both suitable and available</p>	<p>Yes. The college makes conscious efforts to purchase recycled products.</p>

Environmental Aspects Audited	Objectives addressed	Control	Audit Observations
		Make products out of waste within the college	Reuse of metal and re-modelling of old furniture is a norm followed in the college
	Maximize the proportion of waste that is recycled & minimize the quantity of non-recyclable refuse	Make specific arrangements for events, such as cultural Events, internal and external seminars and conferences, where significant recyclable waste is likely to be produced, in order to both minimize the waste produced and maximize what is recycled/reused	Yes. The college encourages only recycled products as far as possible during such events
		Promote reuse of items and waste recycling among staff, students and conference guests through training, posters and incentives	Awareness on water management and reuse was organised
		Dispose all waste, whether solid or otherwise, in a scientific manner and ensure that it is not released directly to the environment	Paper waste recycled Solid waste composted
2. Wastewater	Treat the sewage and effluents generated in the campus	Ensure that the sewage generated in the campus is treated within the campus	STP is planned to be installed
		Ensure that the treated waste water	STP is planned to be installed

Environmental Aspects Audited	Objectives addressed	Control	Audit Observations
		is reused within the campus	
3. Water Consumption	Minimize consumption of water	Repair sources of water leakage, such as dripping taps and showers as quickly as possible.	Regular checking and maintenance of pipelines are done to control water wastage.
		Install appliances which reduce water consumption	Practiced as much as possible
		Encourage a decrease in water usage among staff, students and guests	Yes. As water is scarce, conscious efforts are followed
		Purchase the most efficient washing machines and dishwashers available which have an economy setting as default	Not applicable as such devices are not purchased.
		Use an efficient and hygienic water storage mechanism is to minimize the loss of water during storage	Yes. Very efficient Rain water harvesting structure exists. 2510000 litres
4. Hazardous waste	Minimize the use of chemical pollutants	Ensure that all cleaning products used by college have a minimal detrimental impact on the environment, i.e. are biodegradable and non-toxic, even where this exceeds the Control of Substances Hazardous to Health (COSHH) regulations	Negligible amount of washing liquids are used in the college and all the toilet cleaners are Eco friendly.

Environmental Aspects Audited	Objectives addressed	Control	Audit Observations
		Minimize the use of fertilizers and pesticides in college grounds, opting for the use of compost produced on site wherever possible	Negligible amount of fertilizers and pesticides are used in the college.
		Dispose the chemical waste generated from the laboratories in a scientific manner	No toxic chemicals are included in the practical curriculum. Most of the waste generated is water-soluble and ultimately disposed through normal sewerage system, diluted largely so biomagnification is negligent.
		Reduce the practice of burning plastic and other material that emit harmful gas on burning is prevented in the campus.	None of the waste is burnt
5. Greenery	Establish a herbal garden in the campus	Encourage establishment of indigenous herbs in the garden	College has a well maintained garden. Detailed report is annexed in this report
		Encourage biodiversity	Every year the species diversity is increased in the college. Report is enclosed as annexure
	Student participation in maintaining the garden	In order to encourage student involvement, programmes to be in place for developing	There are several student projects undertaken by the Department of Life

Environmental Aspects Audited	Objectives addressed	Control	Audit Observations
		and maintaining greenery in campus	Sciences in the herbal garden
6. Environmental Programmes outside the campus	Environmental awareness activities in the campus	Conduct environmental awareness workshops as a part of the program.	An active Environment Club for environmental awareness creation exists. Detailed report is given in annex.
		Conduct events on Environment	List of events and report given in annex

Recommendations

Following the audit, several recommendations were made to the management. The same is shown in the tabular form below:

Environmental Aspects	Recommendations
1. Solid Waste	Detailed Waste Management Policy and implementation needs to be taken up in the college
2. Hazardous Waste	Chemical waste policy and compliance needs to be set up in the college
3. Wastewater	Recycling of treated wastewater to be explored and implemented

Annexure

Annexure 1. Summary of some important data of the college

Total student strength	4869
Day Scholars	3919
Residential students	950
Floating population	32
Total teaching faculty members	173
Management and support staff	23
Total sanctioned (approved) student intake	2350
Total built-up area	55392 Sqm
Unnat Bharat Abhiyan	Applied 2017
UNAI	UNAI Hub for SDG Goal1-Poverty for 2018-21
RO Plant	500lph+250lph
Rain water harvest installed Y/N	Y
Rain water harvest capacity	2510000 litres
STP installed Y/N	In the process of installation
STP capacity	6000 litres to be installed
Recycling of paper	MoU with ITC
Waste recycling	Reuse of metals, Remodeling of woods
Sensor based water taps Y/N	N
Sprinkler/Drip irrigation Y/N	N
Compost pit Y/N	Y
Vermicompost pit Y/N	N
Biogas plant Y/N	N
Green area (Sq.ft.)	32348
No.of trees	585
No: of medicinal plant species	76

Annexure 2. Paper Recycling Activity

Annexure 3. List of the medicinal plants in Kristu Jayanti College

S.no	Botanical Name	Common Name	Kannada Name	Family Name
1.	<i>Butea monosperma</i>	Flame-of-the-forest	Muthuga	<i>Fabaceae</i>
2.	<i>Vernonia amygdalina</i>	Bitter leaf	Bitter Leaf	<i>Asteraceae</i>
3.	<i>Aloe arborescens</i>	Krantz aloe		<i>Asphodelaceae</i>
4.	<i>Jasminum auriculatum</i>	Juhi	Sanna mallige	<i>Oleaceae</i>
5.	<i>Pepper mint</i>	Mentha	Pudina	<i>Lamiaceae</i>
6.	<i>Aerva lanata</i>	Mountain Knot Grass	Bilee sooli gida	<i>Amaranthaceae</i>
7.	<i>Asparagus racemosus</i>	Satawari, Buttermilk root,	Halavu makkala taayi beru	<i>Asparagaceae</i>
8.	<i>Leucas martinicensis</i>	Whitewort		<i>Lamiaceae</i>
9.	<i>Lantana citrina</i>	Lantana	Kakke	<i>Verbenaceae</i>
10.	<i>Strychnos nux-vomica</i>	Nux vomica	Hemmushti	<i>Loganiaceae</i>
11.	<i>Tamarix aphylla</i>	Athel Pine,		<i>Tamaricaceae</i>
12.	<i>Zingiber zerumbet</i>	Wild zinger		<i>Zingiberaceae</i>
13.	<i>Costus flavescens</i>	Crepe ginger		<i>Costaceae</i>

14.	<i>Hedychium flavescens</i>	Yellow Ginger Lily,	Suruli Sugandhi	<i>Zingiberaceae</i>
15.	<i>Oaempferia galanga</i>	Aromatic Ginger, Resurrection lily,	Kachchura, Kachhoora	<i>Zingiberaceae</i>
16.	<i>Osbeckia zeylanic</i>	Wall Osbeckia		<i>Melastomataceae</i>
17.	<i>Desmodium gangeticum</i>	Sal Leaved Desmodium	Murelehonne	<i>Fabaceae</i>
18.	<i>Leea indica</i>	Bandicoot Berry	Gadhapatri	<i>Vitaceae</i>
19.	<i>Eryngium foetidum</i>	Long coriander		<i>Apiaceae</i>
20.	<i>Plectranthus vetiveroides</i>	White Turmeric	Bili kus kyas hulla	<i>Lamiaceae</i>
21.	<i>Curcuma zeodaria</i>	Zedoary	Kachora	<i>Zingiberaceae</i>
22.	<i>Hemidesmus Indicus</i>	Indian Sarsaparilla		<i>Apocynaceae</i>
23.	<i>Cryptostegia grandiflora</i>	Rubber vine	Hambu rubber gida	<i>Apocynaceae</i>
24.	<i>Desmodium latifolium</i>	Velvet-Leaf	Murival	<i>Papilionoideae</i>
25.	<i>Euphorbia</i>	Poinsettia	Elegalli	<i>Euphorbiaceae</i>
26.	<i>Tuneria ulmifolia</i>	Yellow Alder, Yellow Buttercups	Chiravathali	

27.	<i>Tuneria ulmifolia</i> (Yellow)			
28.	<i>Glycyrrhiza glabra</i>	Licorice		<i>Fabaceae</i>
29.	<i>Gendarussa vulgaris</i>	Gandarusa		<i>Acanthaceae</i>
30.	<i>Vitex trifolia</i>	Three leaved chaste tree		
31.	<i>Cissus quadranglaris</i>	Veldt Grape Devil's Backbone		<i>Vitaceae</i>
32.	<i>Commiphora caudata</i>	Hill mango		<i>Burseraceae</i>
33.	<i>Houttuynia cordata</i>	Chameleon Plant		<i>Saururaceae</i>
34.	<i>Kalanchoe pinnate</i>	Air plant		<i>Crassulaceae</i>
35.	<i>Asclepias curassavica</i>	Blood flower		<i>Apocynaceae</i>
36.	<i>Costus pictus</i>	Insulin Plant		<i>Costaceae</i>
37.	<i>Clitoria ternatea</i>	Butterfly pea		<i>Fabaceae</i>
38.	<i>Gymnema sylvestre</i>	Gurmar		<i>Apocynaceae</i>
39.	<i>Decalepis hamiltonii</i>	Swallow-Root		<i>Apocynaceae.</i>
40.	<i>Crotalaria retusa</i>	Rettle weed		<i>Legumes</i>

41.	<i>Lobelia nicotianifolia</i>	Wild tobacco	Kadahogesoppu	<i>Campanulaceae</i>
42.	<i>Hemigraphis colorata</i>	Tincure plant		<i>Acanthaceae</i>
43.	<i>Barleria prionitis</i>	Kantajati		
44.	<i>Rhinacanthus nasutus</i>	Snake jasmine		<i>Acanthaceae</i>
45.	<i>Vattakaka volubilis</i>	Sneeze Wort		<i>Asclepiadaceae</i>
46.	<i>Jasminium rigidium</i>	Crowded- Flower Jasmine		<i>Oleaceae</i>
47.	<i>Jatropha maheshwari</i>	Physic nut		<i>Euphorbiaceae.</i>
48.	<i>Plantago ovata</i>	Blond psyllium		<u><i>Plantaginaceae</i></u>
49.	<i>Clerodendrum serratum</i>	Blue fountain brush		<i>Lamiaceae</i>
50.	<i>Maranta arundinaceae</i>	Arrow root		<i>Marantaceae</i>
51.	<i>Justicia betonica</i>	Squirrel tail		<i>Acanthaceae</i>
52.	<i>Nothapodytes nimmoniana</i>	Ghanera	Durvasane mara	<i>Icacinaceae</i>
53.	<i>Fragaria ananassa</i>	Strawberry		<i>Rosaceae</i>
54.	<i>Aplinia purpurea</i>	Red Ginger, Ostrich Plume		<i>Zingiberaceae</i>
55.	<i>Impatiens repens</i>	Yellow Canary Balsam,		<i>Balsaminaceae</i>

56.	<i>Centella asiatica</i>	Indian pennywort		<i>Umbellifers</i>
57.	<i>Hydrocotyle leucopholea</i>			<i>Apiaceae</i>
58.	<i>Indigofera longiracemosa</i>	Indigofera		<i>Fabaceae</i>
59.	<i>Polianthes tuberosum</i>	Mexican tuberose		<i>Agavaceae</i>
60.	<i>Sansevieria trifasciata</i>	Snake plant		<i>Asparagaceae</i>
61.	<i>Ruta graveolans</i>	Rue		<i>Rutaceae</i>
62.	<i>Begonia malbarcia</i>	East Himalayan Begonia		<i>Begoniaceae</i>
63.	<i>Ocimum basilicum</i>	Sweet basil		<u><i>Lamiaceae</i></u>
64.	<i>Ocimum tenuiflorum</i>	Holy basil		<u><i>Lamiaceae</i></u>
65.	<i>Cymbopogon citratus</i>	Lemon grass	Majjigehullu	<i>Poaceae</i>
66.	<i>Schefflera venulosa</i>	Wild umbrella tree	Billi	<i>Araliaceae</i>
67.	<i>Nyctanthes arbor-tristis(big)</i>	Coral Jasmine		<i>Oleaceae</i>
68.	<i>Alpinia calcarata</i>	Snap Ginger		<i>Zingiberaceae</i>
69.	<i>Eupatorium triplinerve</i>	Ayapana		<i>Compositae</i>

70.	<i>Adhatoda zeyanica</i>	Adusa		<i>Acanthaceae</i>
71.	<i>Piper betel</i>	Betel leaf		<i>Piperaceae</i>
72.	<i>Andrographis panicutala</i>	Kariyat,	Nelaberu	<i>Acanthaceae</i>
73.	<i>Aloe vera</i>	Aloe vera		<i>Asphodelaceae</i>
74.	<i>Bacopa monnieri</i>	Brahmi,		<i>Scrophulariaceae</i>
75.	<i>Leucas martinicensis</i>	Whitewort		<i>Lamiaceae</i>
76.	<i>Amorphophallus paeoniifolius</i>	Elephant Foot Yam	Gandira, Suvarna-gadde	<i>Araceae</i>

DEPARTMENT OF LIFESCIENCES

Technology Transfer from Lab to Field (2017-18)

1. Title of the Practice

Biofertilizers are the efficient alternatives that are eco-friendly and have beneficial effect on reclamation of soil, improving the yield and quality of the crop. Hence, a study on the use of biofertilizers was made in the field provided by Alamba charitable trust, Gubbi Cross, Bangalore Rural district of Karnataka; to evaluate the efficacy of biofertilizer consortium developed in the Biotechnology Research Laboratory of Kristu Jayanti College.

2. Objectives of the Practice

To improve the practice of using biofertilizer, an environmentally friendly substitute for harmful chemical fertilizers with particular reference to quality, carriers, consortia and delivery systems.

3. The Context

Yield was good, plants were healthy without pests and diseases.

4. The Practice

The beneficial microorganisms such as *Rhizobium sp.*, *Azotobacter sp.*, *Trichoderma sp.* and phosphobacteria were isolated, mass produced, mixed in

right proportions and injected into the carrier material (peat) to prepare biofertilizer consortium.

5. Evidence of Success

So far 65 days were over after sowing. The vegetable crops started yielding and the first harvest was done.

6. Problems Encountered and Resources Required

Sufficient water facility was not there, regular monitoring and watering were found to be difficult. Because it's far away from our college. So we suggest that if we get a small plot of land from our college it would be useful to access and monitor nearby.

Centre for Social Activities

Report on Environment Day

Date: 04/06/2017

Beneficiaries: CSA and student volunteers and People residing near N. Nagenahalli

Name and details of the Chief Guest: Smt. Radhama Ventakesh,
BBMP Corporator, Horamavu Ward

Objective:

- To help the locality acquire knowledge about environment and its importance
- To build skills in students
- To build individual relationship of man with nature
- To protect the environment and help in reduction of pollution

Brief Write up on the Programme:

Centre for Social Activities and BBMP Horamavu Ward jointly organized Tree Plantation Drive on 5th June 2017 at N. Nagenahalli lake belt. The drive was inaugurated by Smt. Radhama Venkatesh, Corporator, Horamavu Ward and Rev. Fr. Josekutty P D, Principal, Kristu Jayanti College. The corporator addressed the gathering stating that we should take care of our environment all through the life. The condition of our healthy environment is getting declined day by day just because of the industrialization, deforestation, technological development, global warming and pollution. Polluting environment affects the health of living beings and environment very badly. She also appreciated volunteers for their concern and active participation in tree plantation drive. Mr. Lokesh, member DCC, Mr. Manjunath S., CSA Coordinator, Mr. Chandrashekar, CSA Coordinator, KJC Alumni and volunteers of NSS, NCC and CSA were present. Around 60 volunteers were present and they planted 50 saplings.

Report on International Yoga Day

Date: 21/06/2017

Beneficiaries:

- CSA volunteers
- Students of K. Narayanapura Government School

Objective:

- To help in development of self-discipline and control of school students
- To encourage the volunteers to build up their talent
- To promote health education

Brief Write up on the Programme:

Centre for Social Activities as organized Yoga Day on 21st June 2017 at K. Narayanapura Government Primary school, Kothanur. The session was held from 11 am to 12 pm. Syed Idris of 5th semester BBA 'D' section took a lead part in the programme. Ventakesh, Swastika, and Smitha from 5th BBA showed their support in this programme. CSA volunteers taught different yoga postures to school students and they shared the uses of yoga to the school children. The program benefited about 60 students. The yoga day celebration with the primary school students was a good experience for our students and we feel we have created health awareness and made the event a successful one.

Report on Van Mahotsav

Date: 08/07/2017

Beneficiaries: People residing near Nagenahalli

Name and details of the Chief Guest: Rev. Fr. Emmanuel P J

Objective:

- To promote environment protection and afforestation
- To help people in that locality to obtain good environment
- To help the students in realizing the inter-relationship between man and environment
- To help the community to acquire a set of values for environmental protection

Brief Write up on the Programme:

Centre for Social Activities of Kristu Jayanti College organized Van Mahotsav on 8th July 2017 at Nagenahalli Lake. Rev. Fr. Emmanuel P J was the chief guest and he motivated the students through his presence and made the event a successful one with his ideas to plant the saplings. The student volunteers present at the event planted 100 saplings. CSA faculty coordinators, Prof. Manjunath S, Prof. Padmanagendra R, Prof. Naveen G, Prof. Ragavendra Babu J, Prof. Preethi S.J.G and Prof. Excelce supported and guided the event to great success. The event was a very efficient one it helped in building the skill and interest of the students about the environment protection. The event created an enthusiasm among students towards preservation of forest and planting of trees, as “trees mean water, water means bread and bread is life”. This program would gift a green environment to the coming future.

Report on Dengue Awareness

Date: 29.07.2017

Number of beneficiaries:

- Final Year BBA and B.Com CSA Volunteers
- 280 Government Higher Primary students of K. Narayanapura, Nagenahalli, and Kothanur schools.

Objective:

- To Examine and explain the growing significance of dengue and dengue hemorrhagic fever in public health.
- To focus on effective prevention and risk reduction strategies.
- To emphasize the practical application to help to control the dengue.

Brief Write up on the Programme:

Centre for Social Activities of our college organized dengue awareness program on 29th July 2017 at K. Narayanapura, Nagenahalli, and Kothanur Government Higher Primary Schools. CSA conducted Dengue awareness camp with the aim of creating awareness about the growing significance of dengue and dengue hemorrhagic fever in public health, to focus on effective prevention and risk reduction strategies and to emphasize the practical application to help to control the dengue. Final year BBA and B.Com volunteers took the initiative. They were divided into 3 groups and they successfully created awareness among the school students. Final CSA volunteers created the awareness in the schools in the way of showing Video, PowerPoint presentation. They mainly focused on symptoms and preventive measures towards protection from mosquito bites and increasing dengue viruses. Responses from the school children were appreciable one. It was a very interactive session.

Centre for Social Activities

Report on Viruksha Raksha

Date: 06/08/2017

Objective:

- To help social groups and individuals to acquire knowledge of the environment
- To help the students in realizing the inter-relationship between man and environment
- To help the community to acquire a set of values for environmental protection

Brief Write up on the Programme:

Centre for Social Activities of Kristu Jayanti College on 6th August 2017 conducted Viruksha Raksha Program. Main aim of this program was to motivate the students to keep up the responsibility of protecting the Mother Nature. CSA Volunteers went to Nagenahalli lake where they planted the sapling on Van Mahotsav Day. Volunteers cleaned the area, made the stone fencing around the sapling and moved the unwanted bush near by the saplings. It shows the responsibility towards the environment. CSA volunteers participated the event with full enthusiasm.

Report on Swachhata Pakhwada

Date: 01.09.2017, 14.09.2017 & 16.09.2017

Objective:

- To spread Swachhata Pakhwada awareness among students
- To sensitize and ensure good health and hygiene
- To promote good practices as part of enhancing cleanliness
- To create safe, healthy, clean and green environment

Brief Write up on the Programme:

The “Swachhata Pakhwada” programme, as part of Swachh Bharath Abhiyan, was organized by Centre for Social Activities of Kristu Jayanti College from 1st September 2017 to 15th September 2017. The three events initiated as part of the national campaign were conducted on 1st, 14th and 16th September.

On September 1st CSA volunteers gathered at the car parking lot at 3.30pm for the inauguration of “Swachhata Pakhwada”. The students were divided into 6 groups and were given necessary instructions by the faculty members and student coordinators. Each group was given a garbage bag. The groups were sent to different places of the college like CCD, bike parking lot, basketball ground, cafeteria, different parts of the parking area etc. By 4.15 pm, the student groups returned with the garbage collected and it was segregated and finally disposed. Rev. Fr. Som Zacharias inaugurated the campaign. The staff coordinators Mr. Manjunath S, Mr. Chandrashekar and, Mr. Ragavendra Babu, Dr. A J Excelce and Mrs. Preethi S J G led the function. NSS and NCC volunteers also attended the function.

On September 14th the cleaning campaign was conducted at the Government hospital K. Narayanapura. The CSA volunteers were asked to assemble at the Government hospital at 3.30. The students were divided into groups of 10 and were assigned the task of cleaning the entire premises. Among the wastes collected the plastic wastes were separated and disposed. A brief lecture was given to the volunteers on how to recycle plastic wastes and problems caused by mosquitoes and

pollution. The program invoked in the students the need of the hour to keep the public places like hospitals clean. Many staff coordinators encouraged the students with their presence.

On September 16th the quadrangle of Kristu Jayanti College witnessed the grand valedictory function at 12.45. It was attended by numerous CSA volunteers and teachers. The Principal Rev. Fr. Josekutty P D delivered the valedictory message. He urged the need of keeping the surroundings clean and green. He emphasized the role of the student community in making the Swachh Bharath Abhiyan initiative of the Central Government a success.

The Swachhat Pakhwada which spanned over 15 days instilled the very urgent need of the hour to change the world by our small deeds in the young minds. It nurtured the sense of love and respect towards the mother earth, patriotism, civic sense and social responsibility. Through the entire event the students proclaimed the core objective of the mission “Cleanliness Inside Out”.

Brief Write up on the Programme:

DAY 1 [30/11/2017]

INAUGURATION

Camp was inaugurated by the chief guest Sri. Ventaramanappa, Block Education Officer, Gudibande taluk, Chikaballapura district. The program started with a prayer song followed by lightening of lamp. Later the chief guest shared his opinion about doing social services and its impact on society. Along with the CSA volunteers, the villagers also attended the inauguration programme. The inauguration program created a great impact on the villagers.

LIFE SKILL PROGRAM

Students started life skills programs for the middle and high schools students at 2 pm. CSA volunteers taught the basic and important life skills to the school children. This created positive and effective impressions on the students and CSA volunteers too.

SOCIO-ECONOMIC SURVEY

In the evening at 5:30 pm CSA volunteers started the Socio-Economic survey in the village. Volunteers were divided in to small groups. Each group consist of five members.10 groups were sent across the village to conduct the survey. Volunteers had great experience. Students surveyed nearly 100 houses in the village. At the end of the day they shared their experiences and opinions about the survey.

CAMP REVIEW MEETING ON DAY 1

At the end of the day students had discussion on what they had done the whole day. They prepared a plan for next day program. Volunteers shared their experiences what they under undergone when they conducted research. Students presented some suggestions to improve the village condition.

DAY 2 [1/12/2017]

SHARMADHAN [SWATCH BHARATH]

In the morning at 7 am students started the program cleaning programme named Sharmadhan. Volunteers cleaned the playground of government middle school. Villagers also supported the students in an enthusiastic way.

CARRIER GUIDENCE PROGRAM

Our CSA volunteers had conducted carrier guidance and personality development programme to the middle and high school students. School students also actively participated and interacted with a CSA volunteers.

SPORTS AND GAMES

CSA Volunteers conducted team building activity and Games for the school children. Volunteers Conducted games like kabaddi, throw ball, slow cycling race, volley ball, lemon and spoon, running race to the school students. School students showed their active participation in all the games. Sports Committee members conducted all the games in an organised manner.

GUEST LECTURE

In the evening students had guest lecture on child and Women rites by Mr. A J Sudhakar advocate and member of district police complaint authority Bagepalli taluk, Chikaballapura dist. He explained his experiences and shared many cases which related to children and women rights in an effective manner. It was an interactive session. Students cleared the doubts about the women rights.

DAY 3 [2/12/2017]

SHARMADHAN

Day three again students continued the Sharmadhan programme in the high school premises and Panchayat office. It was well appreciated by the village people and Panchayat board members.

EYE CAMP

In the morning around 10:00 am the doctors from Dr. Solankie's Eye hospital from Bangalore reached the village. The eye camp started with inauguration session. CSA Volunteers were divided the responsibility among themselves such as registration, informing the villagers about the camp, arranging refreshment facilities to the Doctors and supporting staff etc., There in the eye camp the doctors treated 900 people and provided spectacles to few villagers. Villagers gave positive feedback about the Eye Camp.

SOCIAL INTERFACE WITH GUEST

In the evening Guest lecture was given by Mr. G N Chalapathi, Commissioner Corporation of Sidlaghatta, Chikaballpura district on social issues and significance of education among youth. He also shared his experience and he cleared all the doubts of the volunteers and made our day a pleasant full one.

CULTURAL PROGRAM

CSA Volunteers conducted cultural programme for the villagers. Volunteers organized thought provoking skit, awareness song, and dance for the villagers. The villagers were happy about the cultural programme. It was entertaining as well as it also conveyed some messages to the villagers.

DAY 4 [3/12/2017]

VALEDICTORY

Before departure we had a valedictory session. In this program CSA distributed the prizes to the winners in the sports and games. Villagers also shared their opinion about the camp which organised by CSA. Panchayat board members facilitated the faculty coordinators and they were appreciated the students as well.

World Differently Abled Day Celebration

Date: 02/12/2017

Number of Participants & Beneficiaries: 10 CSA Volunteers

Home mates of Preethi Nivas Trust

Name and details of the Chief Guest:

- Rev. Bernad Moras (Arch Bishop of Bangalore)
- Shri B A Basavaraj (MLA of K R Puram Constituency)

Objective:

- To motivate the students to do the service for differently abled people
- To experience practical difficulties of differently abled people

Brief Write up on the Programme:

World Differently Abled day was celebrated under the leadership of Preethi Nivas Trust on 2nd December 2017 at Guanella Preethi Nivas, Geddalahalli. The program was graced by the presence of Rev. Bernad Moras (Arch Bishop of Bangalore) and Shri B A Basavaraj (MLA of KR Puram Constituency). People from more than 32 institutions in Bangalore attended the program. The formal session began with the Holy mass. The honourable MLA, Shri. B A Basavaraj, inaugurated the programme and he gave a talk on the adversities faced by the disabled people and how to overcome such situations. Later on there was different cultural programs from the part of disabled people. About 10 CSA volunteers came for volunteering the program by 8.30 am. The main activities of the volunteers were helping in the seating arrangement of the disabled people and to provide assistance and support for distribution of refreshment and lunch. All the volunteers actively participated in the program and took responsibility by themselves. The program came to an end by 4.00 pm with the distribution of certificates and trophies to the volunteers.

Report on Yuva Milan 2k18 – Plant Nourishing

Date: 13.01.2018

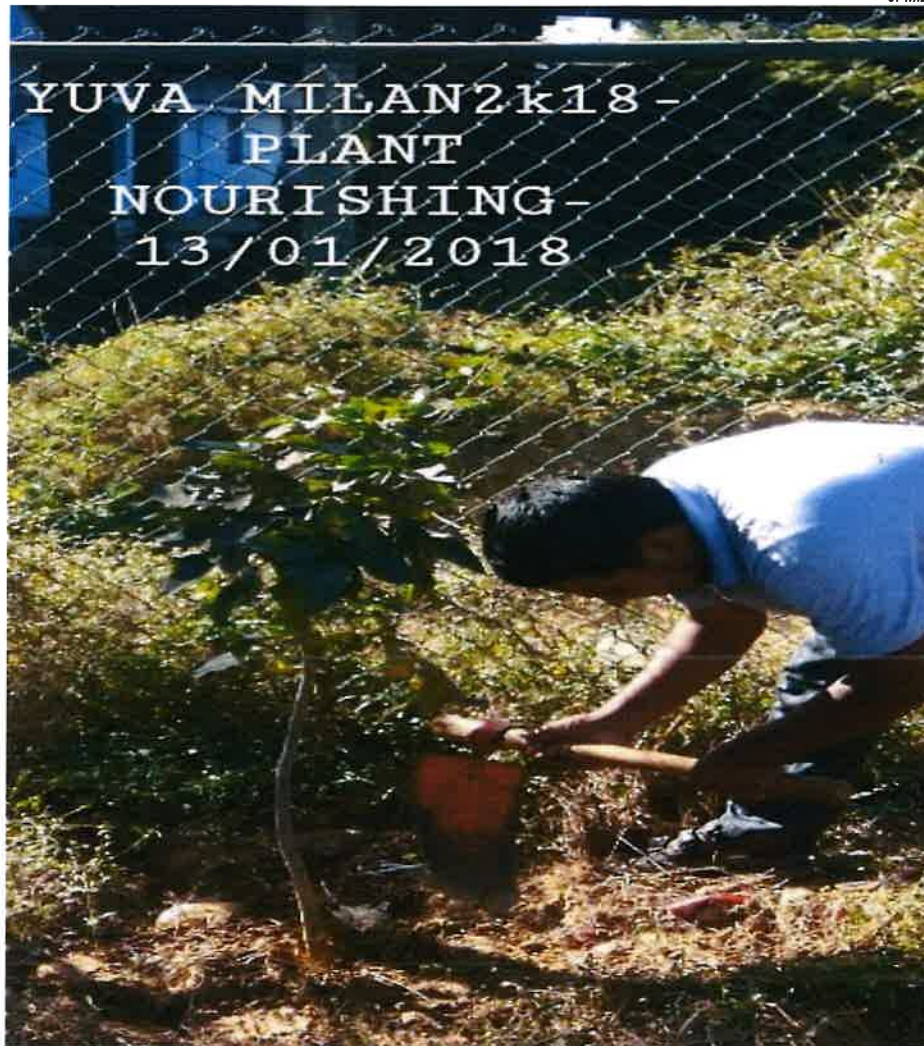

Objectives:

- To develop among the youth the awareness about the need of protecting plants
- To promote sustainable environmental development
- To help the youth to realize the need of planting trees to tackle environmental issues
- To promote awareness regarding the environmental problems and threats like deforestation, soil erosion, global warming etc.

Brief write up about the Programme:

The 'Plant Nourishing' programme as part of Yuva Milan 2k18 organized by Center for Social Activities of Kristu Jayanti College was conducted on 13th January 2018.

On 13th January 25 CSA Volunteers gathered near the Nagenahalli Lake at 8.00 am. The plants that were planted as part of "Van Mahotsav" were watered with the water fetched from the nearby lake. The surroundings were cleaned and the plants were fenced. The programme was concluded at 11.00 am. The programme threw light on the relevance of planting and protecting plants and trees to solve the emerging environmental problems.

Tree Plantation Drive

Date: 4th June 2017

Time: 08.30 a.m- 12.00 p.m

No. of beneficiaries:

No. of SD'S	4
No. of SW'S	7
Total	11

Objective:

The main objective was to bring awareness among the cadets regarding the international world environmental day and the importance of protecting the nature.

Brief write up:

The Tree plantation drive started with the reporting of the cadets at 8:00 am in the college ground and moved to Nagenahalli for the tree plantation. The Drive was inaugurated by Mrs. Radhama Venkatesh, Corporator, Horamavu Ward and Fr. Josekutty P.D, Principal, Kristu Jayanti College. Mrs. Venkatesh addressed the gathering and stressed on how to take care of the environment. Later 85 saplings were planted jointly by NCC cadets, NSS and CSA volunteers. The initiative taken by students in planting trees was very much appreciated by faculties.

Feedback:

The cadets were very interested in tree plantation and every cadet enjoyed and learned about how to make our environment a better place.

International Yoga Day

Date:21st June 2017

Time: 06.30 a.m- 10.00 a.m

No. of beneficiaries:

No. of SD'S	32
No. of SW'S	12
Total	44

Objective:

The main objective of celebrating International Yoga day is to make the cadets strong, mentally and physically fit, improving their energy level. Also Yoga is considered to be a healthy alternative that can improve one's breathing, blood circulation which in turn helps in better concentration, memory and physical fitness.

Brief write up:

The International yoga day celebration started with reporting of the cadets at 6.00 am at Kanteerava stadium. The yoga day started with warm up sessions, followed by yoga Sana. Various yoga experts addressed the gathering and the famous Tao Porchon-Lynch from Hartsdale, New York and V. Nanammal demonstrated various yoga forms. Baba Ramdev, Swami Vachananand, Social activist Anna Hazare and Chief Minister Siddaramaiah also graced the International Yoga day celebration. More than 5000 yoga enthusiast took part in the event.

Feedback:

The cadets were extremely happy being a part of the International yoga day celebration. It also helped the cadets to learn more about the benefits and importance of practicing Yoga on a daily basis.

GARBAGE SEGREGATION UNIT VISIT

Date: 15th September 2017

Time: 3:30 p.m - 4:40 p.m.

No. of Beneficiaries :

No. of SD's	18
No. of SW's	10
Total	28

Objective :

To create awareness about garbage segregation and recycling and educating the environmental issues.

Brief Write-up:

Swaach Pakwad is an event to educate and make awareness about the environmental issues. On 15th September 2017, Kristu Jayanti College gave opportunity for NCC cadets to visit a garbage dumping yard and gain knowledge about garbage segregation and recycling. Waste is not a behavior that most city dwellers are familiar with. It may be possible to bring more substantive shift in thinking and behavior towards waste by integrating environment education center on solid waste management beginning at the elementary level.

The garbage segregation process educates that organic and dry waste should be segregated accordingly while depositing waste. A visit to GRACE waste collection center where the cadets learnt on segregation and recycling of waste. Here huge amount of waste is collected every day, which has to be disposed carefully and recycled for the further reuse.

Waste is segregated into organic, dry and sanitary waste, in order to make it convenient for dumping and recycling. Daily report is made of whatever waste is used for recycled or whatever waste is dump into the sand and how much waste is sold.

Feedback:

A visit to this GRACE was very much useful and all the cadets learnt the segregation process which will be useful in their life process.

Pre TSC-2 Camp

Date: 09th September – 16th September 2017.

Venue: Bijapur

No. of beneficiaries:

No. of SD's	01
No. of SW's	00
Total	01

Objective:

The main objective of the camp is to select the strong and disciplined and deserving Cadets for Thal Sainik camp. It was also to check their physical fitness to withhold their strength till the end of the camp. The main objective is to select the best and strong cadets from the Karnataka and Goa directorate.

Brief write up:

The Pre TSC-2 began at Bijapur where the selected Cadets from Pre TSC-1 are supposed to get trained for the final camp. The camp training started with morning Physical Training, then had the theory class regarding H and H ,(i.e health and hygiene) ,Map Reading , Judging Distance and Field Signals. After which there was test regarding any one of the subject. There was warm up sessions for obstacles training and had Tent pitching session

where one needs to put up tents with the necessary equipment's with the help of co-cadets. The cadets were also asked to clean the camp site during free time which was insisted on behalf of Swach Bharath Abhiyan. The camp concluded by selecting the final list of Cadets for All India Thal Sainik Camp and providing them with the necessary kits required for the camp.

Feedback:

This camp enabled the cadets to prepare wholly for the final camp and created a sense of motivation. The cadets also felt proud of their journey so far and could make out how strong they were on their desire to achieve the best.

A REPORT ON VANMAHOTSAV PROGRAM

Venue: Nagenahalli

Date: 5-8-2017

Objective of this Programme: To Go Green and plant trees and to preserve the earth.
“NOT ME BUT YOU”

Two activities were carried out on 5th August Afternoon. One set of students participated in Swachh Campus. Another set of students were involved in Vanamahotsava program that was conducted at Nagenahalli. The program commenced at 2pm. The NSS volunteers along with the faculty coordinators visited Nagenahalli. The volunteers actively participated in order to protect our environment from pollution. The students planted saplings in different places. The faculty members also joined in and guided the students throughout .VANMAHOTSAV program made the students realise that they can create a better space to live in and a better earth to breathe in. There was active participation from the students. The program will surely benefit the society in the long run.

INDEPENDENCE DAY CELEBRATION-VISIT TO ALAMBA CHARITABLE TRUST

VENUE: Alamba Charitable Trust, Doddagubbi

DATE: 15/8/2017

No of Beneficiaries: 150 children

No of Students Participated: 224

Objective: To pay tribute to the freedom fighters and to nourish the young children by offering them their needs and wants.

In order to pay tribute to all the freedom fighters and also as a part of Independence Day celebration, NSS unit decided to visit Alamba Charitable Trust. NSS Program officer Dr. Shreedhar PD along with NSS volunteers visited this NGO Home in Doddagubbi. A huge donation of Rs. 15000 was collected from the college (for constructing the shed) and lots of medicines, food items, and groceries were purchased and distributed to this NGO. This contribution was of great help to them because this is the only source by which they can meet the basic necessities of the people leading their lives in the trust.

DENGUE AWARENESS AND RAINWATER HARVESTING CAMPAIGN AT SHRAVANABELAGOLA SANTHE

Day 5

Date: 15.11.2017

The NSS unit started their day at Kambadahalli and carried on with sharamadan. The volunteers cleaned the surroundings by removing the weeds and plastics. The NSS unit spent the full day in Kambadahalli. Mr. Nagendrababu and other Faculties of computer science department of Kristu Jayanti College took charge of educating the students of Madihalli Sanmati High School about computer. Dr. Jonas Richard Head Department of Social Work of Kristu Jayanti College created awareness about social work to the students of Madihalli Sanmati High School. In Kambadahalli temple the NSS unit had a provoking speech by Swami Swastishri Bhanukeerti Bhattaraka which inspired the volunteers and He also spoke about attaining moksha. This activity was followed by the Cultural program.

Day 6

Date : 16.11.2017

As a part of NSS schedule for the day, the volunteers started their day with shramadan in Chandragiri hill. The volunteers took active participation in manual work by removing the weeds and plastic wastes from the hill. The volunteers came back to the camp site and flag hoisting was done by Prof. Amjad khan. The NSS unit was divided into two groups. One group took the initiative of educating the children at various schools. The other group visited various banks. Various programmes were scheduled for the students of Ambika School and Government school at Shravanabelagola. Firstly, the NSS seniors volunteers guided the other volunteers to conduct computer literacy program for the students at Ambika School. Secondly, they also created awareness to the school children about dengue. Thirdly, the life skills education was provided to the school children of government school, shravenabelagola by NSS volunteers under the guidance of Prof.Selvam. Few students visited Corporation bank and State bank of India. These volunteers clearly explained the visitors of the bank about the need to link aadhar card and pan card to their bank account. At the end of the day, cultural

programme was arranged where Guest singer Mr. Rangaswamy entertained the students by his performance.

Day 7

Date : 17.11.2017

The volunteers commenced the day with Swachhata Abhiyan in the surroundings in shravanabelagola followed by flag hoisting. Various events were planned and effectively executed on this day.

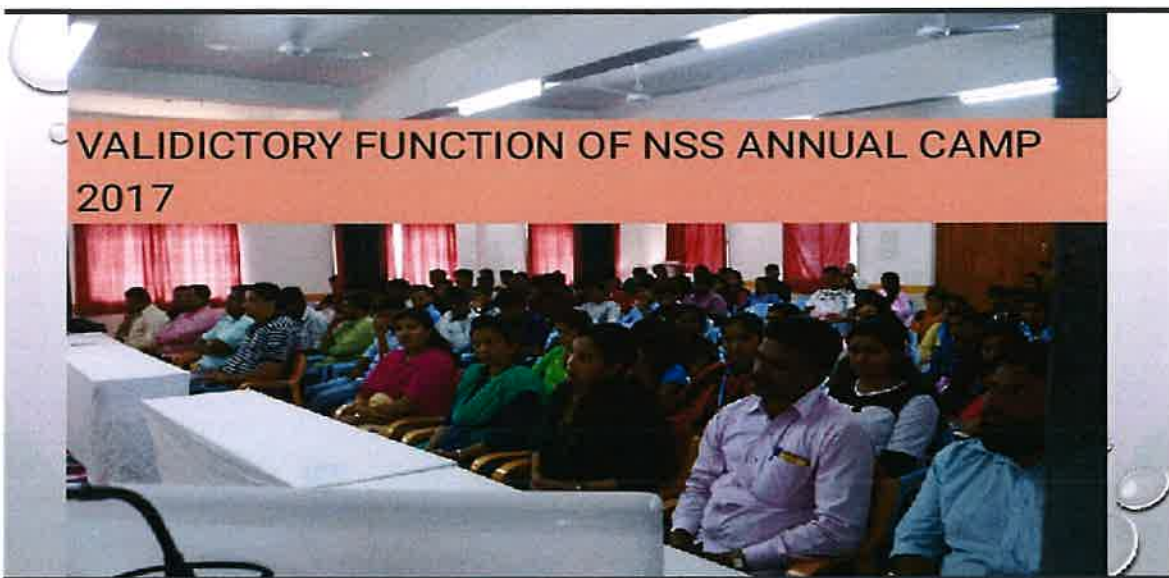

- Blood Donation camp was inaugurated. Many volunteers and people from nearby places donated their blood under the guidance of the specialised doctors.
- Legal awareness program was conducted in order to provide certain legal information to the people about various legal issues which they come across.
- The volunteers carried out a survey in three different places at Rachanahalli , Shravanabelagola , Nagenakappalu to know about their present life and the opinion about the government.
- Feedback session was collected from government school of Sharavanabelagola.
- Then the volunteers were taken to a hall of Jagaduri swamiji. The Validictory function was presided over by Jagaduri swamiji. The NSS special camp successfully ended seeking the blessings of swamiji.
- After the valedictory session, the Literary and Cultural committee of our college presented guest performance for the NSS unit.

BLOOD DONATION CAMP

SURVEY AT NAGENAKOPPALU

Day 8

Date: 18.11.2017

The day started with the general instructions for the literary and cultural committee by Dr.Sreedhar and the students visited Bahuballi hill for prayer. The students returned to Bangalore from the camp site.

REPORT OF VISIT TO SNEHADEEP

(SOCIAL OUTREACH PROGRAM) ORGANIZED BY ENVIRONMENT CLUB AS PART OF Swachhata Pakhwada

On the afternoon of 15th September 2017, the third semester students of the Life Sciences department, as an initiative from the Environment club of Kristu Jayanti College, visited Snehaddeep Care Centre for the visually impaired for Social Outreach Program as a part of Swachhata Pakhwada. The care center is situated in Cox town, Bangalore. At the outset, the students were greeted by Mr. Yogesh, the coordinator of the care shelter, who gave them insights about the place and its establishment and how the students residing there were touching the skies of success in their own unique way. Students were then taken to the computer lab where they were explained how technology was made easy for the visually impaired students through various innovative methods. Students were then given samples of braille script. Some of the students also got their name written in braille script.

A few students also interacted with the residents and realised that they lived a life much more adventurous than their own. There were many residents who had participated and even won national level competitions in areas of sports and public speaking. There was a boy who had competed against the Asian Chess champion. The day ended with an interactive session of the game of 'anthakshari' and the students went back realizing that there is nothing that should stop them from achieving their goals.
