### **Centre for Employability and Corporate Relations (CECR)**

The Centre for Employability and Corporate Relations (CECR) helps students in career planning through career counseling wherein they gather information about themselves in terms of their interests, aptitudes and abilities so that they can choose their careers more effectively. The Centre allows individuals to explore the world of employment and helps them to move from a general occupation direction to a specific one. Through the Career Plan form, CECR will know the exact headcount looking for final placements, going for higher studies (India & Abroad) and planning to become entrepreneurs. The Career Plan exercise will be followed by separate training programs for students opting for Final Placements, higher studies and planning to start up their own business.

With an in house counsellor available at all time the students receive personal and professional guidance in every aspect of life. The institution has a full time Counselor to provide guidance and to help students in their personal problems. The services of the counselor are available to the students.
