

## Wellsprings of Wisdom

### Context

“One step for man is a giant leap for mankind.” – Neil Armstrong

Youth is a phase of life in which major decisions in life are taken. The vicissitudes of life, challenges of future, diverse distractions, developmental issues, and influence of social media might cloud their vision and goals. Eminent leaders are role models and serve as beacons to guide the career and life of young people. Valuable lessons can be learnt from the life and experience of successful personalities. Wellsprings of Wisdom are interactive platforms organized in the college for students to meet and interact with global and Indian visionaries. These interactions enable students to introspect, identify their competencies, plan for the future and develop confidence to engage actively in the academic and co-curriculum programmes. With this venture, college aims at moulding future change makers.

The college witnessed rapid increase in the number of students enrolling for the programmes of the college. The vision of the college is to touch every individual at a personal level for their growth and development. Peer pressure and other distractions may divert their attention from their goals. Inspiration from the lives of personalities who have emerged as successful leaders from simple backgrounds, against all odds, can serve as a spark to enkindle the minds of the youth. The practice ‘Well springs of Wisdom’ was started to serve as pathways of guidance to young people.

### Objectives

- To be aware of personal, social and organizational issues
- To learn from the experiences of global visionaries and leaders
- To create resilience to face the challenges of life
- To gain inspiration and motivation to lead a purposeful life

### The practice

The students of the college hail from diverse socio-economic and cultural backgrounds. They have a variety of talents and distinctly different interests to pursue. There is a plethora of needs to be fulfilled. The college is keen to address the individual needs and dreams of the students. Wellsprings of Wisdom envisages to assist the students to realize their goals through interaction with eminent visionaries at varied levels – Institutional level, departmental level and domain specific level.

The institutional level interaction comprises of:

#### *Vicharmanthan – An Interaction with Global & Indian Visionaries*

The interactive programme with global and Indian visionaries is specifically tailored to suit students’ requirement and to inspire them to strive for excellence. There is a continuous effort to invite leaders who have made a mark on the development of human society through their invention, innovation, scientific contribution, socio-economic transformation, contribution to art and culture, sports development, defence and yeomen service to humanity. Some of the eminent visionaries who visited the campus were:

2019-2020

### **Evidence of Success**

Wellsprings of wisdom have paved the way for the holistic growth of the students. The resilience and adaptability of the students to face all situations of life has been greatly enhanced. They have been inspired to venture into new avenues of professional development. There has been an added impetus to take up opportunities provided with more zeal and dedication. The clarity of goals set and the strategy for attaining them have been polished during these interactions.

Some of the measurable evidences of success are:

- Enhanced academic performance of the students
- Increase in students enrolling for higher education
- Student participation in co-curricular and extra-curricular ventures and winning accolades
- Community engagement
- Entrepreneurial ventures undertaken by the students
- Increase in placements
- Increase in the number of regular recruiters
- Students opt for Civil and Defence Services
- Student contribution to art and culture
- Institutional awards

### **Obstacles faced and overcome**

Every practice has certain hurdles and difficulties to overcome. College intends to invite Nobel Laureates as part of the Vicharmaanthan series. Accessibility and affordability has been a constraint for the self-funded institution. However, notable international luminaries and the best of many fields have interacted with the Jayantians. Other obstacles can be overcome by efficient planning of academic schedule. The sessions are scheduled based on the availability of the experts and the academic schedule of the students. The college ensures that the interactions carried out through the 'well springs of wisdom' reaches to the right audience in adding value and academic input.

### **Resources required**

The resource requirement and programme management requires the following

- Orientation and pre-session presentation to students
- Prompt, timely and efficient logistics
- Venues to suit the need of the dignitaries
- Prior permission and collaboration with local authorities and security persons
