

## LUMOS 2025: Kristu Jayanti College hosts photography exhibition

### CH NEWS

“Captured moments have the power to tell compelling stories and evoke deep emotions,” said Fr. Dr. Augustine George, Principal of Kristu Jayanti College, Autonomous, while inaugurating the LUMOS Photography Exhibition organized by the Department of Media Studies. Held at the Humanities and Research Block, the exhibition showcased 293 selected photographs from 316 submissions, including 208 landscape and 85 portrait images. The themes ranged from nature and architecture to human emotions and abstract art, each frame reflecting the unique perspectives and technical skills of the participants. “LU-

MOS was more than just an exhibition; it sparked meaningful discussions about photography as a storytelling medium,” said Dr. Gopakumar AV, Dean of the Faculty of Humanities. He emphasized that the exhibition highlighted not only talent but also the deeper narratives and emotions behind each image. The exhibition, titled LUMOS (meaning ‘light’), exemplified photogra-

phy’s ability to illuminate life’s often-overlooked moments. Faculty members and participants praised how each photograph told a story, transforming everyday moments into timeless visual narratives. Kristu Jayanti College, affiliated with Bangalore University and accredited with an ‘A’ Grade by NAAC, offers a range of undergraduate, postgraduate, and PhD programs.
