Kristu Jayanti College hosts Vicharmanthan

Kristu Jayanti College on Monday hosted Vicharmanthan, an interactive session with global visionaries including K. Sivan, former Secretary of the Department of Space and former Chairman of ISRO, who was the chief guest.

During the session, Dr. Sivan shared his insights into India's space advancements and the future of aeronautics, emphasising the role of ISRO in serving humanity.

He inspired students by encouraging them to embrace challenges and risks.

Reflecting on his leadership of the GSLV project, Dr. Sivan said, "The skill of a pirate is found only when he sails in troubling times," urging students to take on difficult projects and turn them into successes. Dr. Sivan's address further highlighted the importance of perseverance and innovation in overcoming obstacles.
