

# Kryptos 2025: Forensic Science Exhibition at Kristu Jayanti College

Mr. Mohammad Ali Imran and Fr. Deepu Joy Inaugurated the Kryptos 2025 forensic science exhibition at Kristu Jayanti College

Kristu Jayanti College hosted the much-anticipated forensic science exhibition, Kryptos 2025, which was inaugurated by Police Sub-Inspector Mohamad Ali Imran of Pulikeshi Nagara Police Station and Fr. Deepu Joy, Director of the Student Welfare Office.

During his address, Mr. Imran praised the students for their creativity and highlighted the importance of forensic science in solving modern crimes and assisting law enforcement.

The exhibition showcased 102 innovative models spanning 19 forensic sub-fields, including forensic biology, toxicology, cyber forensics, and crime scene analysis. Students presented unique solutions to complex challenges, demonstrating fresh ideas and practical approaches to forensic science.

Organized by the Department of Forensic Science, Kryptos 2025 offered an engaging platform for students to display their research and advancements in forensic technology. The event attracted visitors from ten schools and colleges, drawing over 400 external guests.

The wide-ranging participation reflected growing public interest in forensic science. The exhibition successfully highlighted real-world applications and cutting-edge developments in the field.

Kryptos 2025 underscored Kristu Jayanti College's commitment to promoting academic excellence and hands-on learning, earning praise from faculty, visitors, and forensic experts alike. The event cemented its reputation as a key initiative for advancing forensic education in Bengaluru.
