The Department of Commerce is always abuzz with a plethora of activities and has become a dynamic venue where brilliant minds representing different states converge and share their vast reserves of knowledge and skills. It gives me immense pride to state that as a result of the collective effort of the faculty, students, and staff over the past few years Department of Commerce today ranks among the top three commerce colleges in Karnataka. I am hopeful of its acquiring greater heights in the years to come.

Dr. Aloysius Edward J

Dean, Faculty of Commerce & Management

It is often said, 'Give me a copy of your college magazine, I will tell you about the quality of your college.' I strongly believe in this statement. For, a magazine carries the contributions reflecting ethos and aspirations of the students, faculty, and other team members of an institution. The world today is changing at such an accelerated rate and we as educators need to pause and reflect on this entire system of Education. Are our colleges well equipped to prepare our students to face the challenges that the future holds? Questions such as these are factors that motivate us to go through a continuous process of reflection and hence we at the Department of Commerce work at implementing a well-balanced curriculum to ensure that the students who walk into the portals of our college will not just love their college life but truly be prepared to face life's challenges. I congratulate the team for capturing the activities of the department in this e-magazine with a scintillating theme.

International Webinar on “The Future of Accounting Towards Digital Skills in a Transformed World”

2nd-Sept-2021

Department of Commerce (PG) has conducted International Webinar on “The Future of Accounting towards Digital Skills in a Transformed World” on 02-09-2021, from 3.30 PM to 4.30 PM through zoom platform. The resource person was Dr. Yousuf Al Bulushi, Head, Accounting and Business Department, University of Technology and Applied Science (UTAS) Muscat, Sultanate of Oman. The resources person enlightened the participants on the need for having digital skills in the new era. He also elaborated about the advancements in financial technology and business. The participants interacted with the resource person and clarified their queries. There were 136 participants from various parts of the country.

“Technology and Big Data is playing an increasingly a greater role in businesses. The accountant has to be strategic, creative, analytical and data-savvy.” Accounting technology has always played a part in making the accountant's job just a little easier. As our knowledge of technology increased so has the accountant's ability to analyze statistical values. Technology advancements have enhanced the accountant's ability to interpret data efficiently and effectively.

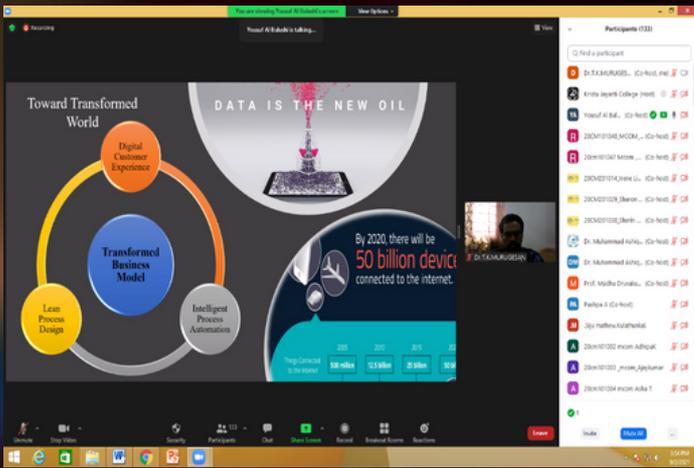

DR. YOUSUF AL BULUSHI HIGHLIGHTED THE SIGNIFICANT POINTS IN “THE FUTURE OF ACCOUNTING TOWARD DIGITAL ERA”

The resource person for the session was Dr. Yousuf Al Bulushi, Head of Accounting and Finance Business Department at University of Technology and Applied Science, Muscat. He started the session by talking about how automation has changed the front end and back end processes in a firm. The session was continued into how an accountant needs to upgrade their digital skills as the demand for the roles of book keeping and accounting clerks are declining whereas jobs in the field of artificial intelligence, automation and Big Data analysis are the impending trend in the market. These skills can be achieved through mobility programs or training programs that enhance your knowledge of industrial developments. The session covered topics on Transformed Business Model which consists of digital customer experience, intelligent process automation and lean process design. The concept of Big Data was also introduced as to how data has become the new oil – it’s valuable, but if unrefined it cannot really be used. An accountant in the digital world requires digital quotient combining strategies and capabilities to remain up to date to the changes in the workplace that this digital transformation brings. The future of accounting would require an accountant to possess potential skills, the awareness and application of digital skills, business skills and technical skills.

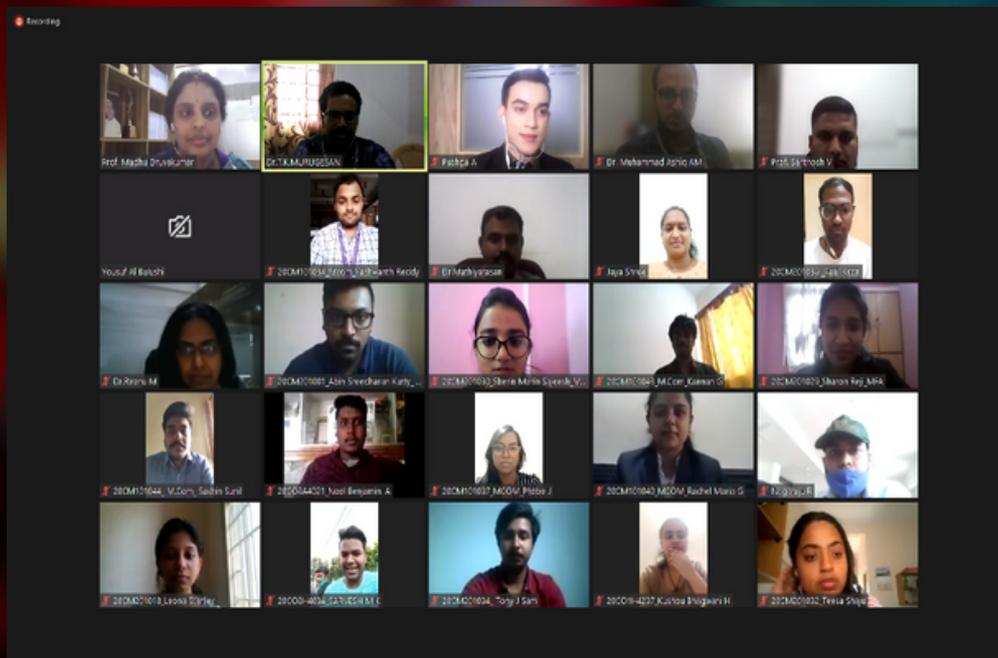

DR. YOUSUF AL BULUSHI SPOKE ABOUT DIGITAL QUOTIENT (DQ)

DR. YOUSUF AL BULUSHI THREW A LIGHT ON TRANSFORMED BUSINESS WORLD

The webinar was then concluded with Q&A session and an online feedback was collected from the participants of the webinar. The expert lecture provided the students an enriching platform for acquiring professional qualities a commerce graduate must possess. The participants felt that this online expert lecture has supplemented them with an enriching learning experience where students could learn professional qualities and apply those qualities in real business environment. Thus an hour of informative and motivating talk on professional qualities of commerce was very much the need of the hour.

“Two Day Workshop on Citation and Reference Management”

6th-7th Sept 2021

The Department of Commerce (PG) organized a 2 Day workshop on Citation and Reference Management on 6th & 7th September, 2021 via Zoom platform from 3:30 pm to 5:00 pm to help the upcoming graduates, faculty members and research scholars on how to use the Mendeley software which acts as a reference manager which is used to manage and share research papers. The purpose of this workshop was to stimulate the participants and familiarize them with the software.

Very often while conducting a Research there would be a pile load of data and documents from where we would be referring. The researcher has to be strategic, creative, analytical and data-savvy. Mendeley has played a part in making the researcher's job just a little Easier. Mendeley is also an academic social network that enables you to share your research with others. Researcher can collaborate online, in public and private groups, and search for papers in the Mendeley group database of over 30 million papers.

TWO-DAY WORKSHOP ON CITATION & REFERENCE MANAGEMENT

The resource person for the session was Dr.P.Mathivanan Periasamy ,Mendeley Advisor & Assistant Professor, Siva Sivani Institute of Management, Secunderabad . He started the session firstly by asking the participants to download Mendeley and then proceeded. The session was then continued into how a researcher can collect references from the web and UCI Databases, automatically generate citations and Bibliographies, collaborate with other researchers online and access your paper from anywhere online. How the researcher could save time while organizing the files and how when the researcher only remembers the keywords and nothing else about the research paper Mendeley can help the researcher by helping him find the exact research article he is looking for. He also demonstrated the following steps:

- Search for references in your Mendeley library and insert them into the Document you are working on.
- Select and insert Individual or Multiple references at once.
- Create a bibliography of all the references you are cited.
- Change to any of your preferred citation styles in just a few clicks.

The first day of the workshop was then concluded with Q&A session and the doubts were cleared by the resource person.

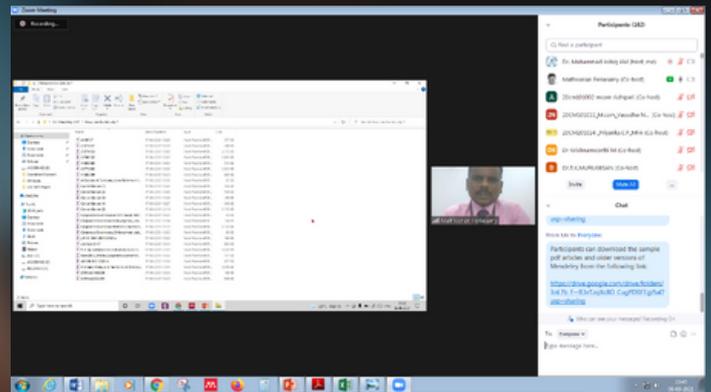

DELIVERING A WELCOME NOTE FOR THE RESOURCE PERSON AND DELEGATES

In the second day of the workshop Dr. P. Mathivanan Periasamy taught the participants how they can remove duplicates. He demonstrated the following steps:

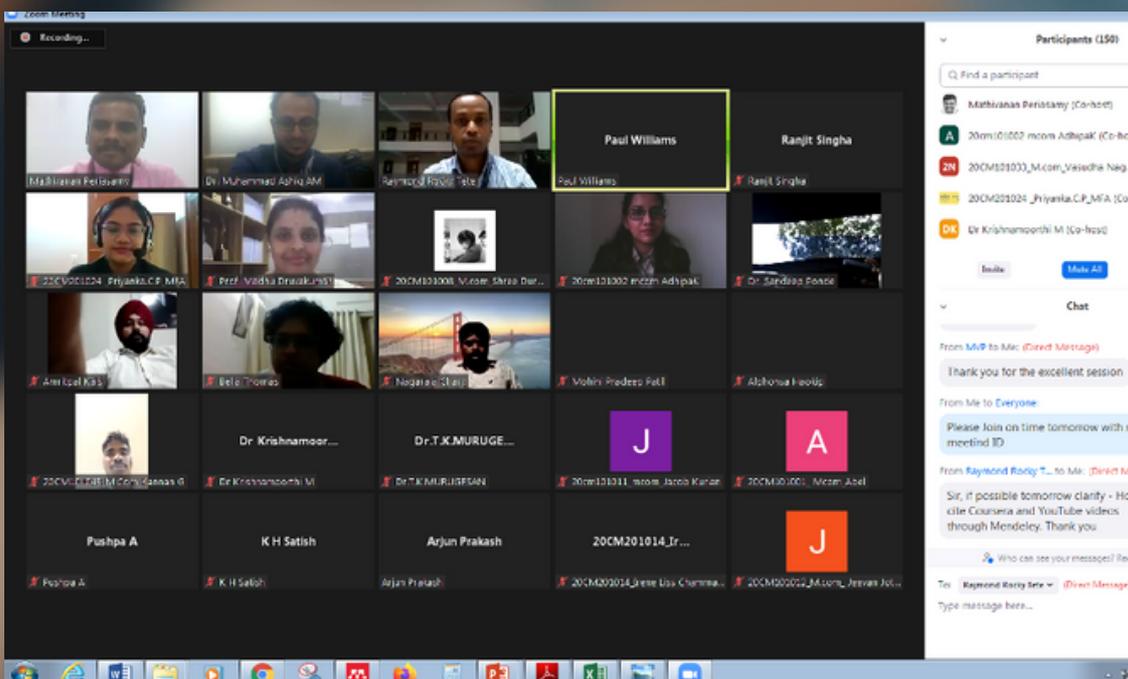

1. Click on the all documents in the My Library pane on the left.
2. Click tools and select check for duplicates. A list of all documents that Mendeley identifies as being possible duplicates will be displayed.
3. You can merge the duplicate references by clicking on confirm merge in the details pane on the right.
4. Double-click on a duplicate to reveal the references Mendeley has identified.
5. Click on these identified documents to view their referencing information in the details pane on the right, then compare the information between them.
6. Once done, choose either:
 - a. Not a duplicate
 - b. Merge duplicate

The second day of the workshop was then successfully concluded with Q&A session and the doubts were cleared by the resource person and with a vote of thanks.

RESOURCE PERSON THREW A LIGHT ON CITATION AND REFERENCE MANAGEMENT USING MENDELEY

This online workshop witnessed a positive response from 141 delegates from outside educational institutions. This workshop provided the participants the hands-on platform on Mendeley Reference Management Software for the accuracy of citation writing and reference lists. The participants felt that this online workshop has supplemented them with an enriching learning experience. Thus an hour of hands-on training on citation and reference management was very much the need of the hour.
