

CALL FOR PAPERS

The scope of the symposium covers paper presentations on scientific, technological, and practical concepts and offers a distinctive opportunity for students to exchange ideas. Authors are solicited to contribute to the Research Symposium by submitting articles that illustrate research results, projects, survey works, and industrial experiences that describe significant advances in the following areas but are not limited.

- Artificial Intelligence
- Text Mining
- Robotic Process
- Automation Web Mining
- Edge Computing
- Image Processing
- Quantum Computing
- Roof Computing
- Cognitive Computing
- Fog Computing
- Parallel Computing
- Internet of Things
- VR and AR 5G
- Cloud Computing
- Cyber-Security
- Bioinformatics
- Blockchain
- Bigdata analytics
- Computer-Assisted Education

We invite Master's and Engineering (MCA, M.Sc., M. E, M. Tech, M.Phil., B. E, B. Tech) students to submit original unpublished contributions for the presentation. Plagiarism in any form will lead to outright rejection of the paper. Authors are requested to submit their papers on or before 30th September, 2024. The submission link can be found below. Submissions must be original and should not have been for publication while being evaluated in this symposium. The papers should be based on original work that should typically include a clear description of the problem being addressed, an overview of and comparison to related work, the theoretical framework/model proposed by the authors, experimental results, and conclusions. Papers will be reviewed by a review committee which will ensure that, only quality papers with originality and novelty are accepted for presentation in the symposium.

RESEARCH SYMPOSIUM

The Student Research Symposium is a great opportunity for students to disseminate new knowledge acquired through their research experiences to a broad audience. The symposium also promotes healthy interaction between the students and research scholars of various institutes. The main objective of this symposium is to provide a forum which allows exchanging knowledge, experience, results and information related to various aspects of the emerging technologies.

SYMPOSIUM HIGHLIGHTS

- Keynotes and Invited Talks by Industry Experts and Academicians
- Oral presentations
- Paper publications in proceedings with ISBN and selected papers will be published in Kristu Jayanti Journal of Computational Sciences (KJCS) ISSN: 2583-6072
- Certificate will be issued to all the registered participants after the valedictory ceremony

ABOUT THE DEPARTMENT

Kristu Jayanti College offers Master's Degree in Computer Applications (MCA), M. Sc., Computer Science and M. Sc., Data Science with the intention to produce competitive computer professionals in tune with advanced technical concepts. Our MCA, M. Sc., (CS) and M. Sc., (DS) courses are two year full time programmes spanning four semesters, affiliated to the Bangalore North University and approved by the All India Council for Technical Education (AICTE). The main objective of these programmes are to develop the desire to pursue continued professional development by seeking out knowledge and experience beyond the classroom. These Programmes focuses on the subjects at an application level and includes topics like Advanced Database Management Systems, Operating Systems, Computer Networks, Software Engineering, Artificial intelligence, Software Testing, Web Technologies, Data Mining, Data Analytics and various open source softwares. The focused training given on these topics helps the students to adapt themselves to the growing demand of modern IT Industry. Students work in an integrated environment that enables them to access the resources effectively for their academic and research oriented purposes.

The department offers the following postgraduate courses:

MCA (Master of Computer Applications)

M. Sc., Computer Science

M. Sc., Data Science
