Session on AI for Web Development

Date	: 20 th July 2019
Time	: 11:00 am – 1:00 pm
Participants	: Students of Computer Science Department (PG)
Number of beneficiaries	: 82
Resource Person	: Mr. Ganesan Perumalsamy, Senior Software Engineer, American International Group, Bengaluru

Brief write up on the programme:

Technology, especially Artificial Intelligence is taking a big leap and growing at a rapid rate. People have the misconception that it is only applicable in the field of robotics, but it is not entirely true. Today, AI is also becoming a crucial part of web development in the form of various Natural Language Processing units and more.

To give an insight into the importance of this to students, Department of Computer Science (PG), Kristu Jayanti College (Autonomous), Bengaluru, organized “AI for Web Development” Tech Talk Series. The resource person for the program was Mr. Ganesan Perumalsamy, Senior Software Engineer, American International Group, Bengaluru. He started the session by giving a brief history of how web development was carried out during earlier days. Then he explained about what AI is and why it is important and various applications in AI. He also explained different aspects in web development and purpose of AI in web development with examples. He also talked about material designing, responsive designs and gave small demo on the same. He concluded the session by explaining about different material design frameworks currently used in the industry.

Brief write up on the sessions

Session I:

The session started with the introduction of the Guest for the day - Mr. Rohit Singh. He started the session with AWS [Amazon Web Services], explaining about how AWS Supports people and programs designed to proactively help you optimize performance, lower costs, and innovate faster.

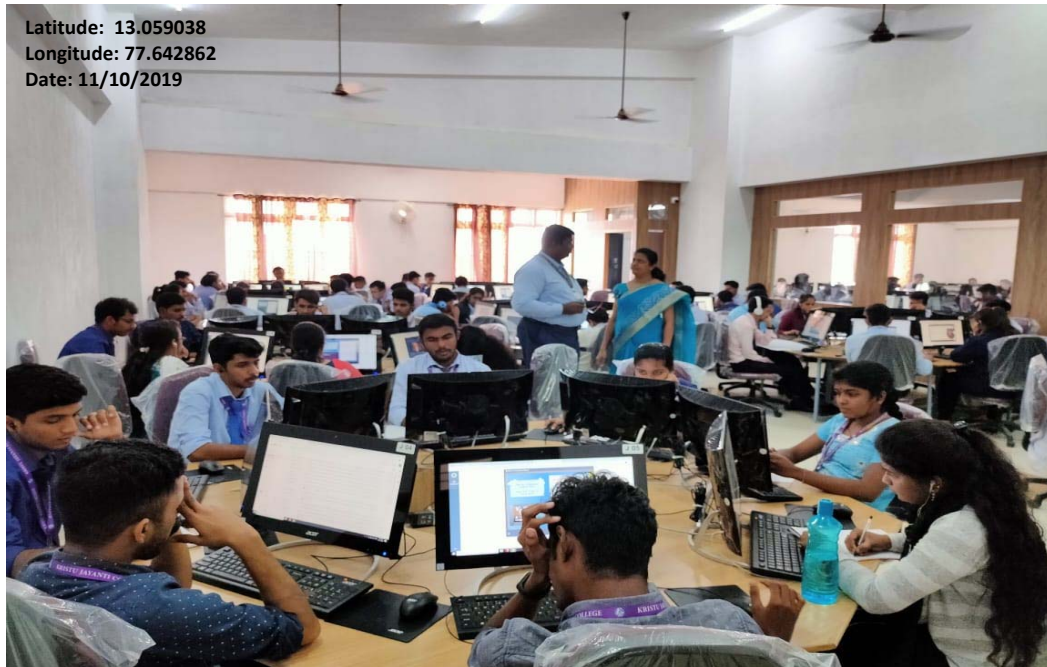

Session II:

Mr. Rohit discussed about the:

- i) Dxc Technology.
- ii) Customer centricity.
- iii) Limitations and performance of traditional set of servers.
- iv) How does the company which offers solution on software service.
- v) Inbuilt data models in IBM cloud.

He explained the students regarding the cloud journey, the path for which areas we can go in and qualities like performance, cost, optimization operations, excellence, reliability, security which an individual must possess to acquire a job and also he shared his experience in industry. The session was concluded by clearing of many doubts the students had pertaining to the topic in the way of asking questions, which were answered.

The Python Workshop: A New, Interactive Approach to Learning Math

Date: 25-01-2020

No. of Beneficiaries (In-house): 140

Class: II Sem BSc (All the sections)

Name and details of the Resource Person: Prof.Chetan H.N.,KLE Degree College,
Nagarbhavi, Bengaluru – 560072

Brief write up on programme:

Python is much popular because it is highly productive as compared other programming languages. It is much more concise and expressive language and requires less time, effort, and lines of code to perform the same operations. Workshop had two fruitful sessions, theoretical and followed by practical. Hands on practical made students to understand better.

Prof. Chetan H. N. talked about the features and advantages of the Python. And also he showed the students about installation of the software. Professor explained codes to solve numerical problems, basic math equations, derivatives, integrations. He helped students to code by themselves and to get the outputs in the lab.

Brief write up on the programme:

The session emphasized the need for understanding the fundamentals and applications related to Deep Learning Revolution technology and ways to achieve it. Mr. Guy Brown explained about the Python libraries for performing text to speech and speech to text conversion. Image identification using TensorFlow was also demonstrated by the resource person. Also how the images are identified using neural networks was explained. The resource person also explained about the structure and function of perceptron.

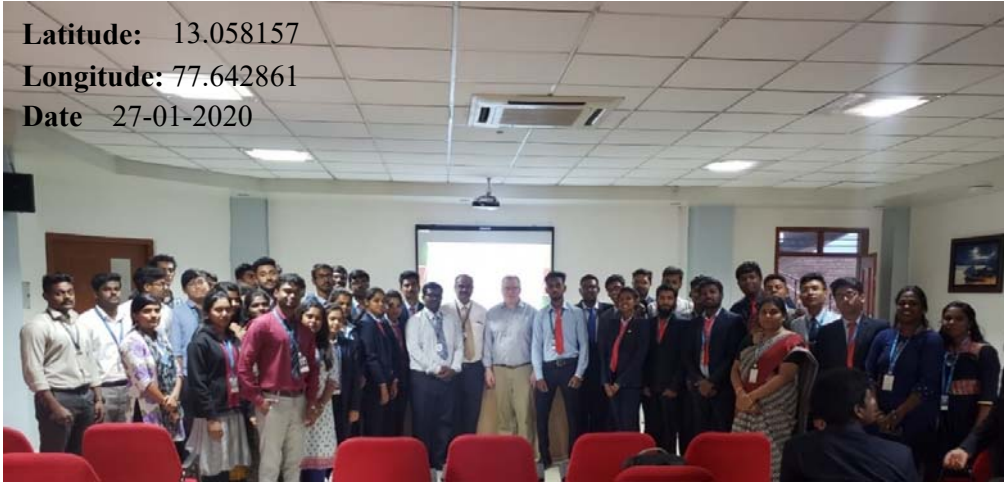

There was also a demonstration of an application where the machine was capable of learning music from scratch. Overall the session was very informative and there was great deal of enthusiasm and interaction exhibited by the audience. He also presented a small gift as a token of appreciation to two students from the audience who answered to some of his questions.
