### REPORT

**Beneficiaries:** Ist Semester UG students

**Date** : 16-21, June, 2016

The Centre for Life Skills Education (CLSE), Kristu Jayanti College in collaboration with Rajiv Gandhi National Institute of Youth Development (RGNIYD), an Institute of National Importance under Ministry of Youth Affairs & Sports, Government of India organized a Capacity Building Training on Life Skills from 16th June, 2016 to 21st June, 2016.

The course was conducted for around 1400 Undergraduate students who were divided into 22 batches. The certificate course consisted of ten core life skills promoted by the World Health Organization (WHO), namely- Self- awareness, Empathy, Creative Thinking, Critical Thinking, Problem Solving, Decision Making, Communication, Inter-Personal Relationship, Coping with Stress, and Coping with Emotions. These skills are very beneficial in constructing and polishing one's personality. The skills arm a person with the capabilities to lead a well-rounded life.

The faculty members who conducted the classes were trained by RGNIYD. Dr. Jonas Richard A, Director, Centre for Life Skills Education, Kristu Jayanti College stated that the classes aim to help students to be happy and to adapt different life skills and respond positively to the demands of everyday life. He further said "For a person who is aiming to have a good career, the skills learnt in over the period of a week will help the students to be better professionals and to lead a satisfying life, as they find balance between their professional and personal lives,"

The main aim of the one week programme was to help the first years to be prepared for their future in the college. The core values that were discussed would help them to cope with the initial stress as well as train them to take responsibilities in the new phase of their lives.

The knowledge about these skills is very important in today's society it not only helps one in one's personal life but also helps one in increasing employment opportunities and makes a prospective candidate more appealing. A person with life skills is considered an asset to the associates and the institution they work with.

In a world that has a surplus supply of candidates who are graduating each year on a search for acceptable job opportunities, life skills make one stand apart from the crowd. The combination of various life skills shapes a personality to be a good leader and to have the know-how on working in groups.

The ten core life skills which were promoted are very beneficial in constructing and polishing an individual's personality. These skills equip a person with the capabilities to lead a well-grounded life.

The faculty members who conducted the classes were trained by RGNIYD. Dr. Jonas Richard A, Director, Centre for Life Skills Education, Kristu Jayanti college stated that the main goal of conducting the classes was to help students to be happy and to adapt different life skills in order to respond positively to the demands of everyday life. He further said "For a person who is aiming to have a good career, the skills learnt in over the period of three days will help the students to be better professionals and to lead a satisfying life, as they find balance between their professional and personal lives."

The purpose behind the three days programme was to help the students of first year Post Graduation to be prepared for their future in the college and it would help them cope with the initial stress as well as train them to be responsible citizens.

A person equipped with the knowledge of life skill has various opportunities in every endeavour of life as the person would be in a position to skillfully handle situations since he would be having a deep understanding about the matter.

In a world that has a surplus supply of candidates who are graduating each year on a search for acceptable job opportunities, life skills make one stand apart from the crowd. Life skill training would help the individual not only to be a good leader but also to be adjustable to any kind of situations in life.
