### ATTITUDINAL WORKSHOP

#### Report

**Date: 18<sup>th</sup> & 19<sup>th</sup> August 2015**

**Time: 09:00 am –**

**5:30 pm**

The Department of Computer Science [PG] had conducted a two-day workshop for the 2<sup>nd</sup> Year MCA students, from 18<sup>th</sup> and 19<sup>th</sup> August 2015. The workshop focused on powerful lessons, motivation and strategies to develop strength of character, interpersonal effectiveness, and financial skills to succeed in life.

During the first day of the workshop, Prof. Williams emphasised on the need to make positive changes in life by choosing the right path, right knowledge, the right personality and applying the formula of Power of Manifestation.  $I+B+V+F+A=R$  (Ideas + Belief + Visualize + Feelings + Action = Result).

The students learnt about the three dimensions of life: the Spiritual, the Emotional, the Physical and the Intellectual dimension. The students were taught to examine the good and the bad within them and to control the same.

Prof. Williams emphasised topics such as Financial Struggle and Financial Freedom, types of education that are essential for Financial studies, Financial Literacy, Financial Aptitude and investment management.

On the second day, the students learnt about making choices in life. He has shed light on making choices between good and bad. Interactive activities were conducted to make the workshop dynamic.

This workshop helped the students in building self-confidence through brainstorming and activity based learning. The workshop's vibrant and dynamic environment was instrumental in creating a nurturing ground for the students.
